TERMS, ETC. These plants must be sold to make room for the very heavy plantings I am making of Rhododendrons, Azaleas, Kalmias, Hemlocks, Leucothoes, Andromedas, and other specialties. They are offered for fall, 1909, and spring, 1910, shipment; and while the prices are very low, still on car-load lots a material reduction will be made. All is first-class, clean, nursery-grown stock, and all the larger sizes are of special value for "immediate effect" planting. Not less than 20 plants of a grade, and no order less than \$10.00 at these prices.

Packing will be charged at cost, except car lots, which are packed free.

NOTE. — Prices in all cases are per plant.
